

Low Level Skip

Model - ILUS

Description

The skip can be easily positioned at the end of a conveyor, cross shoot or manufacturing line to collect bi-products that are below waist level. The skip is supplied as manual operation as standard, but automatic tipping at high level can be achieved by ordering the conversion kit allowing the forklift / tele handler driver to empty the skip without leaving the safety of his seat.

Model	Nominal Capacity (m ³)	Capacity (kg)	Length (mm)	Width (mm)	Height (mm)	Weight (kg)	C of G (mm)	LLC (mm)
ILUS-1	0.7	300	1380	910	540*	215	630	Fork Length - 530
ILUS-2	1.0	600	1380	1300	540*	245	650	Fork Length - 530

*Add 160 mm to height to give overall skip height
