STEADY LIFTER

Part # M3050

UPC: 895678000793

Get your yard projects done twice as fast without spilling your wheelbarrow or having sore arms. The SteadyLifter™ is a light weight harness to assist in lifting, stabilizing & moving heavy loads with your wheelbarrow. These straps allow you to distribute the weight of the load to your shoulders, easing strain to your hands and arms, thus making it easier to maneuver and stabilize heavy loads.

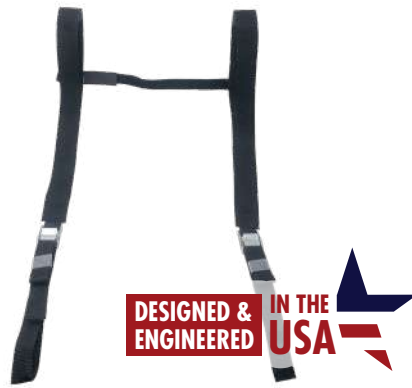

By freeing strain to your hands you can now focus on balancing heavy, awkward wheelbarrow loads and work faster and more efficiently. The SteadyLifter™ Makes Lifting Easier.

For more than 40 years, Nielsen Products, LLC has been providing quality products at reasonable prices for both professional and consumer segments.
